Computer Science student with practical experience in web and mobile development using technologies like React, Vite.js, React Native, Node.js, and Firebase. Continuously building skills through hands-on projects across both front-end and back-end. Eager to apply knowledge, contribute to real-world solutions, and grow in a professional environment.

EDUCATION

Cavite State University – Don Severino Delas Alas Campus

Bachelor of Science in Computer Science

Indang, Cavite

September 2022 – Present

TECHNICAL SKILLS

Programming Languages: HTML, CSS, JavaScript, Java

Frameworks & Libraries: React, Vite, Next.js, React Native, Expo

Backend & Cloud: Firebase, MongoDB Atlas

Design & Productivity Tools: Figma, Canva, Microsoft Office, Google Workspace, Notion

PROJECT EXPERIENCE

CineEntrada — Full Stack Developer

- Developed responsive landing pages and interactive UI using React and Vite.js.
- Built backend APIs and services using Node.js, Express, and MongoDB Atlas.
- Integrated Stripe for secure online payments and Clerk for user authentication and management.
- Implemented advanced UI states including empty states for enhanced user experience.
- Focused on clean, modern, mobile-friendly design with attention to performance and scalability.

Keeply — Mobile App Developer

- Built CRUD features for to-do lists, notes, and schedules with React Native, Expo, and Firebase.
- Implemented intuitive UI/UX ensuring consistent experience across devices
- Contributed to collaborative development, testing, and deployment

LEADERSHIP

Member/Ace of Finance Office, Amazon Web Services Learning Club – Spade

- Managed budgets for AWS-related events, workshops, and activities.
- Assisted with event logistics, including venue, materials, and participants.
- Handled documentation and tracked expenses for transparency.
- Collaborated on activities promoting cloud computing knowledge.

Financial Coordinator Volunteer, Church of God – General Trias

- Maintained accurate records of all church financial expenditures, donations, and budgets.
- Prepared regular financial reports for church leadership and meetings.
- Demonstrated integrity and attention to detail in managing sensitive financial data.

HACKATHONS PARTICIPATION

PROJECT YSES: Future Ideator Quest — Ideathon

- Co-led the conceptualization of SOSeco, a mobile reporting app concept and also structured the proposal document.
- Awarded 2nd Runner-Up in PROJECT YSES: Future Ideator Quest at University of the Philippines Los Baños (UPLB).
